

*“we’ve been making
the warmth and romance of soft candlelight affordable
for over 30 years”*

A clean burning, high quality candle is so much more than wax and a wick. At Rich Hill, our master chandler has spent many, many years investigating and experimenting, perfecting the “recipes”, to ensure the consumer is purchasing an excellent quality product. The chandlers at Rich Hill pride themselves on the clean, consistent, fragrant flame that is the most important selling feature our product is renowned for. It is this wonderful advantage that has ensured our loyal customers return again and again to savour the best all Canadian handcrafted candles- the pride of Muskoka !

Candles...comfort food for the soul!
